NOTES

Chapter 2 – Non-Flexibility

All isms are either raf', nasb or jarr, but not all isms can reflect their status.

The non-flexible words look the same in all 3 statuses.

Example: هُدًى will look the same in raf', nasb and jarr

Jarr	Nasb	Raf'	
مُسْلِمٍ	مُسْلِمًا	مُسْلِمٌ	Fully-Flexible
يُوسُفَ	يُوسُفُ	دُه وُ دُ يُوسفُ	Partly-Flexible
الَّذِيْ	الَّذِيْ	الَّذِيْ	Non-Flexible
